## PEACE ENVOYS

Adjourn the Meeting Until  
Wednesday Morning. □

PROTOCOL NOT READY TODAY

JAPANESE PRESS SPEAKS OUT IN  
STRONG LANGUAGE.

Secretary Pierce Holds Long Confer-  
ence With Sako—M. Witte Gives  
An Interview Today.

\*\*\*\*\*  
Tokyo, Aug. 22.—The press to-  
day speaks out strongly in op-  
position to any abatement of the  
Japanese peace demands. The Jiji  
Shimpo says that "Saghalien and  
indemnity are the vital points."  
The moderation of our demands  
is admitted and if the Russians  
refuse to accede to them our de-  
mands should withdraw and tell  
them the next meeting will take  
place in Tokyo.  
The Asahi says: "Japan is  
fighting the Russian government  
not the Russian people. The  
Russians surely appreciate what  
Japan has done toward winning  
them a constitution."  
\*\*\*\*\*

Portsmouth, N. H., Aug. 22.—There  
was repeated delay on the part of  
the secretaries to complete the drafts  
of the protocols. Only five are ready out  
of the eight agreed upon. Sato, the  
Japanese spokesman, issued the fol-  
lowing official statement today: "Ow-  
ing to the impossibility to finish before  
this afternoon the work of preparing  
the protocols of the meetings of the  
conference today's meeting adjourned  
until tomorrow morning."

RUSSIA WILL NOT PAY  
INDEMNITY, SAYS WITTE.  
Portsmouth, N. H., Aug. 22.—"Russia  
will not pay an indemnity. I can not  
put that declaration in any stronger  
terms." These are words taken from  
an interview with M. Witte, Russian  
peace envoy, today.

M. Witte has great faith in the ability  
of his country to continue the war.  
"Russia is able to prolong the cam-  
paign," he declared. "We have ample  
resources. We have 40,000 versts (one  
and a half versts are the equivalent of  
one mile) of government railways that  
are not mortgaged, the liquor mono-  
poly produces a revenue of \$180,000,000  
a year, and the customs and liquor mono-  
poly together aggregate \$300,000,000  
yearly. There are the forest lands  
and there are many other productive  
sources. Russia does not fear. Russia  
can find money if the war is continued.  
The Douma is the seed from which  
will spring the unification of the peo-  
ple."

PEIRCE SEES SAKO.  
Portsmouth, N. H., Aug. 22.—Assis-  
tant Secretary of State Pierce this  
morning had a conference of two hours  
with Sako, Baron Kaneko's secretary.  
The greatest secrecy is being main-  
tained. They were joined by two un-  
known men. The conference, follow-  
ing the frequent visits of Kaneko to  
Oyster Bay and the President's invita-  
tion to Baron Rosen, the Russian am-  
bassador, to come to him to receive  
an "important confidential communica-  
tion" is believed to be in connection  
with the concessions which it is un-  
derstood Japan is willing to make from  
the original text of conditions of  
peace.

## CZAR'S REPLY

Concerning Indemnity and Sakhalin  
Concessions Are Impossible—En-  
voy Witte Has a Message.

St. Petersburg, Aug. 22.—When the  
nature of the Russian government's  
final communications to M. Witte  
becomes known to the public, it  
will be seen that in a sincere desire to  
effect a satisfactory settlement the  
government has gone so far as its  
vital state interests will permit. It  
can further be said that for this reason  
the government is firmly con-  
vinced that in case of the failure of  
the negotiations the responsibility will  
not rest with Russia, which has com-  
menced much already. While it is im-  
possible to learn the actual contents  
of the communication the government  
has dispatched to M. Witte, it can be  
declared that the requirements of the  
state make concessions on the ques-  
tions of indemnity and Sakhalin, as  
these questions were originally pre-  
sented by the Japanese, impossible. It  
is certain that in the matter of con-  
cessions the four points now in dispute  
have been considered and studied here  
in the light of concessions Russia al-

ready has granted on the other eight  
articles. This is a brief but correct  
outline of the platform on which M.  
Witte will meet the Japanese plenipo-  
tentiaries this afternoon.

It is believed that the questions of  
the surrender of the interned ships  
and limitation of Russia's naval power  
in the far east will be satisfactorily  
settled. There remain then the ques-  
tions of the payment of indemnity and  
the cession of Sakhalin. The first may  
be overcome by following Japan's lead  
in avoiding the use of the word "in-  
demnity," but consenting to make cer-  
tain payments to Japan on other  
scores, the chief of them being Japan's  
bill for keeping the 100,000 Russian  
prisoners, which is expected to be  
very heavy. The sums mentioned as  
the possible payment on account of  
these prisoners range from \$50,000,000  
to \$150,000,000.

Baron De Rosen's reports regarding  
his interview with President Roose-  
velt have been received here, and  
their perusal by the government has  
only increased the feelings of grati-  
tude and appreciation for President  
Roosevelt's continued efforts. Baron  
De Rosen's communications to the em-  
peror are such as do not require a  
special answer.

## PEACE ENVOYS

To Present Protocols For Signature.  
The Outlook.

Portsmouth, N. H., Aug. 22.—The  
envoys this afternoon will present  
their protocols for signature. One  
side or the other must then make a  
move or all that will be left will be a  
brief final protocol certifying that they  
have reached the parting of the ways  
and to bid a farewell. But such an ab-  
rupt termination is hardly anticipated.  
Baron Komura, if M. Witte has nothing  
to propose, might present Japan's  
irreducible minimum, embodying the  
final concession she is prepared to  
make, if she is prepared to make any,  
or formally propose collective consid-  
eration of all the articles still in dis-  
pute. Are move on either side would  
involve another adjournment, or such  
an adjournment might be frankly pro-  
posed by M. Witte, as he would not  
be guilty of the discourtesy of allow-  
ing the conference to go to pieces be-  
fore receiving a reply to President  
Roosevelt's proposition.

## PRESIDENT

Has Not Yet Abandoned Hope of a  
Successful Issue of the Ports-  
mouth Peace Conference.

Oyster Bay, N. Y., Aug. 22.—Presi-  
dent Roosevelt has not abandoned  
hope of a successful issue of the  
Washington peace conference. Neither  
has he relaxed his efforts to prevent a  
rupture between the conferees when  
they reconvene at Portsmouth. Baron  
Kaneko, a confidential representative in  
this country of Japan, arrived in  
Oyster Bay quite unexpectedly. That  
he was the bearer of important infor-  
mation is known, but the nature of his  
message is not disclosed. Following  
Baron Kaneko's visit, President Roose-  
velt had his acting secretary, Mr.  
Barnes, with him for two hours. Later  
important messages were received  
from Portsmouth, the responses to  
which occupied the president's atten-  
tion for a considerable time. Not the  
slightest indication of the character of  
of the correspondence was permitted  
to become public.

## Japanese Version.

Portsmouth, N. H., Aug. 22.—An at-  
tache of the Japanese peace mission  
said: "We have been victorious. If  
Russia came to Portsmouth unpre-  
pared to pay the price of defeat all is  
over. We don't believe that the presi-  
dent thinks our terms unreasonable.  
He knows Japan's position accurately,  
as does the Japanese plenipotenti-  
aries. We do not believe he will  
even ask us to weaken at the last mo-  
ment and yield, even to save the nego-  
tiations. Heartily as the whole world  
desires peace, Japan believes the neu-  
tral powers would prefer that war  
should continue for a year or even two  
years longer than that Japan, for the  
sake of immediate peace, should make  
concessions now and be forced, per-  
haps a decade hence, to reopen hos-  
tilities."

## LEADERS

Of Reform Organizations in Russia  
Seized by the Police.

St. Petersburg, Aug. 22.—The police  
at last have applied a check to the  
activity of the central bureau of pro-  
fessional reform organizations by de-  
seizing on a meeting of the central  
committee and arresting 10 of the  
leaders present. In this committee  
are included university lecturers, doc-  
tors, engineers, lawyers and other pro-  
fessional men. The organizations of  
which the bureau is made up are com-  
posed of the most advanced reformers,  
and since its organization the central  
bureau has passed through radicalism  
to the verge of revolution. Many of  
its later proclamations and appeals  
have been couched in terms al-  
most as scathing as those of the  
Socialists. It is probable that the gov-  
ernment feared the league was about  
to inaugurate a campaign against the  
douma.

Daniel Kan, 101, the oldest citizen  
of western Maryland, is dead at Cin-  
berland. He helped build the Ches-  
apeake and Ohio canal before the days  
of railroads.

## THIS OLD MAN IS ACCUSED OF HIS BROTHER'S MURDER

Outsville, Ky., Aug. 22.—William  
York, aged 77, of Lawrenceburg, ac-  
cused of assassinating his brother  
James, aged 86, who narrowly escaped  
lynching, is now in jail here. He de-  
nies the charge and says: "Did any  
member of Morgan's command ever  
tremble? I was one of Morgan's men.  
To think that after these 70 years I  
should live to be caged with murder-  
ers. Who would believe these hands,  
withered from toil, could slay my  
brother? I can prove an alibi. When  
the murder took place I with my son-  
in-law was at the fair. What was I  
to gain from my brother's death. He  
gave liberally to my children. As for  
myself what would an old man like  
me care for riches. Peace it all I de-  
sire on earth."  
As he concluded exhausted, he sank  
to the floor of the jail.

## HIRED MAN TO KILL HUSBAND

SUCH IS THE CHARGE THAT IS  
PREFERRED AGAINST  
ZANESVILLE WOMAN

It is Alleged She Offered \$40 for the  
Job—Husband Shows Marks of  
the Bullet.

Zanesville, O., Aug. 22.—On the  
charge of having offered Mike Kristela  
\$40 to kill her husband, 17 years old  
Mary M. Garcia, Polish, was arraigned  
this morning and entered a plea of not  
guilty. From the testimony it was  
shown that the woman had offered two  
male friends \$40 to kill her husband,  
telling them she must be rid of him.

Zanesville, O., Aug. 22.—Mrs. Mary  
Garcia, a young married woman, is  
confined in the city prison charged  
with hiring a man to kill her husband  
Michael Garcia. The husband is the  
plaintiff.

When Garcia entered the police sta-  
tion and asked Chief Arter to prepare  
an affidavit against his wife charging  
her with the above named offense, the  
police chaffed him and were incred-  
ulous. He was in earnest, however, and  
to convince the officials he bared his  
breast and exposed to view an ugly  
bullet wound roughly banded in cotton.  
The bullet, examination devel-  
oped, had struck a rib, passing clear  
around his body and coming out near  
his spinal column. Garcia states that  
he was shot from ambush by an un-  
known man, but that his wife and an-  
other man had gone walking together  
and that he received the bullet while  
following them.

Subsequently he had learned that  
his wife had offered a man, whose  
name is not disclosed, \$40 to kill him.  
Another man who accompanied Garcia  
to the police station stated that Mrs.  
Garcia had offered him \$40 to do the  
job.

When asked about the alleged crime  
Mrs. Garcia merely laughed, refusing  
to make any statement concerning the  
matter, which, however, she seemed to  
regard as nothing more than a joke.

## JEWISH BANKERS

Will Not Loan the Czar Any Money  
Unless Emancipation of Russian  
Jews is Accomplished First.

Liverpool, Aug. 22.—According to  
the Post, Rothschilds and other great  
Jewish banking houses have assumed  
the position in regard to the proposed  
loan to Russia that they will not par-  
ticipate in advancing money to that  
nation unless the emancipation of  
Russian Jews has been made an ac-  
complished fact. The Rothschilds re-  
call that on a previous occasion a  
loan was made to Russia condition-  
ally, but after the money was advanced  
the conditions were never carried out.

## UGLY STORM

One Man Killed and Several Are Miss-  
ing in Minnesota—The Crops Are  
Also Badly Damaged.

Lacrosse, Wis., Aug. 22.—One man  
was killed and several are missing at  
Lacrosse and Rushford, Minn., and  
crops have been destroyed by a tor-  
nado which swept southern Minne-  
sota. All telephone communication  
has been cut off by the storm and de-  
tails are lacking. Ten Danielson  
was killed at Pilotmound in the wreck-  
ing of a church. Five men have re-  
ported the entire destruction of their  
homes and the loss of members of  
their families to the authorities at  
Lacrosse, of whom they have asked  
assistance.

At Kenneywood park, Pittsburg, a  
miniature railway train jumped the  
track and 10 passengers were badly  
hurt.

## BLAME PLACED

Four Men Responsible for  
Bennington Disaster

THREE OF THESE ARE DEAD

COURTMARTIAL PROCEEDINGS AGAINST  
SURVIVOR SUGGESTED

Neglect of Duty Charge That is Made  
—Gunboat's Boilers Were Not  
Found Defective.

Washington, Aug. 22.—Four men,  
three of whom were killed in the dis-  
aster, are held to blame for the de-  
struction of the gunboat Bennington  
in the San Diego harbor on July 21.  
The only survivor is Ensign Charles  
T. Wade, and recommendation is made  
that he be court-martialed. Secretary  
Donaparte received read and made  
public the proceedings and findings of  
the court of inquiry.

The findings were a complete sur-  
prise for they at once set at rest the  
stories that had been circulated to the  
effect that the Bennington's boilers  
and perhaps those of other naval ves-  
sels of the same age were defective.  
As a matter of fact the court found  
the explosion resulted from the closing  
of a valve which connected the  
boiler with its steam gauge, so that  
the pressure on the boiler may have  
been several hundred pounds to the  
square inch when the accident oc-  
curred.

In placing the blame the finding  
reads: "The court is also of the op-  
inion that D. N. Holland, fireman, second  
class, U. S. N., who was the fireman  
on duty firing boiler B at and before  
the time of the explosion, did by mis-  
take shut off the steam valve connect-  
ing boiler B with its steam gauge, in-  
stead of the air cock, as he did, thus  
preventing the gauge from recording the  
steam pressure on its boiler; that  
Frank De Courant, oiler, acting water-  
tender, U. S. N., on watch in charge of  
this boiler from about 9:15 a. m. until  
the time of the explosion, did fail to  
observe that this steam gauge was not  
recording and did continue pushing  
the fires on this boiler, and further  
when leaks developed from excessive  
pressure did fail to relieve this pres-  
sure, which should have been done at  
once; that E. D. Ferguson, chief ma-  
chineist's mate, U. S. N., on watch, in  
charge of the engine and firerooms,  
did fail to inspect boiler B under his  
charge; that Sam was being raised,  
and did fail to observe this steam gauge  
to be connected with the boiler; the  
said D. N. Holland, fireman second-  
class; Frank De Courant, oiler, and  
E. D. Ferguson, chief machineist's  
mate, are all now dead, and therefore  
no further proceedings can be taken  
against them."

While praise was accorded to the  
officers and ship's company for their  
conduct during the harrowing scenes  
following the accident, the officers and  
men who were responsible, in the  
opinion of the court, are pointed out,  
and court-martial proceedings suggest-  
ed in the case of the only one of them  
surviving, Ensign Charles T. Wade.

## OHIO IS HELD IN NO DANGER

Secretary of State Health Board on  
Yellow Fever Scare—Has Taken  
No Precautions.

Columbus, O., Aug. 22.—"There is  
no need for the people of Ohio to  
worry about yellow fever," stated Sec-  
retary Charles O. Frost, in reply to  
an inquiry what steps had been taken  
by the state board of health to prevent  
the dread disease being brought into  
the state by passengers on Ohio river  
steamboats. The secretary also stated  
that no special precautions had been  
taken because the members of the  
board do not think it necessary.

Governor Horner has issued the  
annual labor day proclamation, de-  
signating Sept. 4 as the day. He  
said: "It is most fitting that in this  
land, where constitutions of liberty find  
their highest development, the recog-  
nition of this annual day should be  
given to free labor, who here finds  
its highest reward, its daily improve-  
ment in the conduct of our citizens,  
and that they should be proud to share  
in a continuing and increasing de-  
gree, in the production of our toil,  
and with the hours of labor such as will  
afford them more leisure more time  
with their families and more opportu-  
nity for study and recreation."

Commercial club in Spain memo-  
rized the names of finance, re-  
questing the government to return to  
free trade.

## VERMONT MAN BEEN ASLEEP FOR ONE HUNDRED DAYS

Rutland, Vt., Aug. 22.—John L.  
Moore of Concord, Vt., aged 26, son of  
a farmer has slept without awaken-  
ing for 100 days. Every possible  
means has been used to restore Moore  
to consciousness, but not once has his  
long slumber showed any signs of  
breaking. He has been fed entirely  
with liquids administered through  
his nostrils but has lost about forty  
pounds. Physicians believe there is  
no chance of his recovery. Moore ex-  
hibited weakness of mind in May and  
soon entered upon his long sleep.

TAFT AT CEBU TODAY.

Manila, Aug. 22.—The transport Lo-  
can with Secretary Taft and party ar-  
rived at Cebu this morning and will  
sail for Tacloban tomorrow. The vis-  
itor's were heartily welcomed.

## ORDERED HER OUT AT MIDNIGHT HOUR

COL. BURT'S DAUGHTER LEAVES  
HOME WITH CHILD AGED  
EIGHT YEARS.

Mrs. Charles King Has Been Mys-  
teriously Missing From Coshocton  
For Nearly a Week.

Coshocton, Aug. 22.—Mrs. Charles  
King has been mysteriously missing  
since August 16. When her parents,  
Colonel and Mrs. L. P. Burt returned  
Friday from a six weeks' sojourn in  
the West they found a note from their  
daughter briefly stating that she  
could no longer endure her husband's  
treatment and had taken her eight-  
year-old daughter with her. Search  
has so far been vain, and the dis-  
traced parents have now announced  
their daughter's flight. All are prom-  
inently socially, and Colonel Burt is  
one of Coshocton's wealthiest citizens.

Mrs. King's husband lives two miles  
from the city and so far is uncon-  
cerned. The note stated that King  
had ordered the wife out of the house  
at midnight, and when she refused to  
go declared he would kick her out in  
the morning.

Lieutenant Charles Burt, Mrs.  
King's brother, who is an officer at  
Ft. Schuyler, New York Harbor, has  
arrived home to help solve the mys-  
tery.

## BANKER STEWART

Visits President Roosevelt This After-  
noon—Submarine Plunger Not  
Yet at Oyster Bay.

Oyster Bay, N. Y., Aug. 22.—Presi-  
dent Roosevelt received no official  
diplomatic visitors this morning and  
was able to devote his entire time to  
routine work and recreation. This  
afternoon Phil B. Stewart, the banker  
of Colorado Springs, with whom the  
President went on a bear hunting ex-  
pedition last spring, is expected at  
Sagamore Hill. Stewart will remain  
until tomorrow or next day. Captain  
F. L. McGinniss of Oklahoma City, a  
member of the president's old reg-  
iment was a caller at the executive  
office. Captain McGinniss has a tim-  
ber concession in Mexico and hopes  
to furnish lumber to the Panama  
canal.

The submarine boat Plunger, which  
was expected to reach Oyster Bay yes-  
terday has not yet arrived and may  
not be here until tomorrow. In that  
event it is not probable that the Presi-  
dent will witness the Plunger's man-  
euvers until Thursday.

## "BLACK SAMPSON"

Who Crushed Stones Against His Fore-  
head Drops Dead While Lifting  
a Piece of Paper.

Indianapolis, Ind., Aug. 22.—After  
spending a store of years giving ex-  
hibitions of such prodigious strength  
that he became known as the "Black  
Sampson," John Thompson, who long  
ago made a name for himself by break-  
ing down the lines of his opponents  
and crushing them against his forehead  
and head yesterday afternoon at  
the Palace Athletic club, from  
the top of a beam.

## AROUND TOWN

The Willy Marshal Drove With the  
Stranger and Finally Wrung a  
Confession from Him.

Bellefontaine, O., Aug. 22.—Ell Whit-  
ed tried to sell a stolen horse to Mar-  
shal Brown in Belle Center yesterday.  
After the Marshal had driven around

town with him for a while and coaxed  
down the price from \$125 to \$45, he  
wrote from Whitel the confession  
that he had stolen the horse last night  
in Lima.

After Whitel had been placed in jail  
and the Lima man who lost the animal  
had appeared and identified his horse,  
Whitel confessed to two other thefts  
committed last week at Wapakoneta  
and Lima. He also told where he had  
disposed of the horses. The one he  
sold at Wapakoneta for \$35 has been re-  
covered. The other has been traced to  
Chicago.

The Allen county officials will prose-  
cute the first case against Whitel.

ALICE NIELSON'S HUSBAND  
DEAD IN MISSOURI.

Kansas City, Mo., Aug. 22.—John  
R. Neutwig, divorced husband of  
Prima Donna Alice Nielson, is dead of  
blood poisoning at St. Joseph's hospi-  
tal. He first met Miss Nielson in St.  
Patrick's church, where he was a mis-  
t and she was a singer. They stud-  
ied together daily before the divorce.  
After living together for about two  
years they parted, Miss Nielson going  
to California. Neutwig was granted a  
divorce in 1898.

SMOTHERED TO DEATH.  
Lansing, Mich., Aug. 22.—In a fire  
that destroyed the home of Harry Sim-  
mons here this morning, Simmons' five  
year old daughter was smothered to  
death in bed. Mrs. Simmons tried to  
put out the fire and was so badly burn-  
ed that she may die. The fire was  
caused by the explosion of a gasoline  
stove.

## CIGAR BOX

Contains Cotton Received by a  
New York Police Captain.

New York, Aug. 22.—Gun cotton  
enough to kill a man, arranged in an  
infernal machine and disguised as a  
cigar box, was received by Pre-  
sident Police Captain Miles O'Reilly.  
This is the third deadly explosive in-  
strument of similar construction sent  
through New York mails in the last  
four days, the other two having been  
received last Friday by Jacob H.  
Schiff, the banker, and M. Guggen-  
heim Sons. Captain O'Reilly received  
a cigar box which in weight and every  
other detail misled him into taking it  
for a genuine present. Unusually  
heavy and tenacious nails fastening  
down the cover, however, caused a  
suspicion. When the box had been  
carefully opened at the ends matches  
were found glued to its inner surface  
in such a manner that they would be  
ignited on emery paper by the friction  
necessary to raise the lid.

## PERMIT NEEDED

To Enter Town of Cairo—Yellow Jack  
In Missouri—Fever Record in  
New Orleans.

Cairo, Ill., Aug. 22.—The state and  
local health officers adopted the Mem-  
phis quarantine plan, and also decided  
not to recognize certificates issued at  
Paducah, Bowling Green, Fulton and  
McCracken county, Ky., and Bird's  
Point, Mo. The action taken against  
Bird's Point brought the county au-  
thorities over from Charleston, Mo.,  
to consult with Secretary Egan, and  
the secretary agreed to raise the ban  
against Bird's Point as soon as they  
discontinued the issuance of unlawful  
health certificates, which they agreed  
to do at once. In a few days it will  
be impossible for any one to enter Cairo  
without first securing a permit from  
the authorities here and giving a sat-  
isfactory account of where they have  
been for the last 10 days.

Yellow Jack In Missouri.  
Greory, Mo., Aug. 22.—Three cases  
of yellow fever have developed here  
within the past 24 hours. All are  
Italians. One victim has died and the  
two other cases discovered are said to  
be very low. The three infected Ital-  
ians with four others of the same na-  
tionality were brought up the river to  
Greory from Greenwich, Miss., and  
employed at track work by the Bur-  
lington railroad. Excitement is intense  
and much indignation is expressed  
that the Italians were permitted to slip  
through the quarantine lines. Greory  
is a lumber camp on the Mississippi  
river, 15 miles from Kookuk, Ia.

Yellow Fever Record.  
New Orleans, Aug. 22.—New cases,  
61; total to date, 1,446. Deaths 9, to-  
tal to date, 265. New foci, 16; total  
foci to date, 322. Cases remaining un-  
der treatment 235.  
New Orleans, Aug. 22.—Eleven cases  
and six deaths from yellow fever were  
reported at noon today.

## MARY MAPES DODGE

Poetess of St. Nicholas Magazine and

## LUNACY CHARGE

Brought Against His Sister, But the  
Neighbors Say "He's a Weathering"  
That Imagines Things.

Columbus, O., Aug. 22.—Judge Sam-  
uel L. Black, of the Probate court, has  
a puzzling case of lunacy. He is to  
decide whether Mrs. Jennie Cornfield  
or her brother, William Weathering-  
ton, should be examined.

The brother swore to an affidavit  
charging that his sister was suffering  
from such delusions as fearing people  
who entered her house. She was  
brought in and was accompanied by  
relatives and neighbors. All declared  
that a mistake was being made and  
that the person making the affidavit  
should be examined as to his sanity on  
similar delusions.

The court was astonished and ordered  
that William be brought in and  
his case investigated. It is said that  
he was once confined in a state hospi-  
tal and believes every person crazy  
but himself. Both live at Valley  
Crossing, this county.

## FORGED CHECKS

Get Standish, a Former Member of the  
Pennsylvania Legislature Into  
Serious Trouble.

Boston, Aug. 22.—J. D. Standish,  
said to have formerly been a member  
of the Pennsylvania legislature, was  
sentenced in superior criminal court  
here to serve not more than six nor  
less than three years in the state  
prison for uttering forged checks.  
Standish is 72 years of age. According  
to police information Standish was  
born in Pennsylvania, has been a  
schoolmaster, and was once the friend  
of the late Senator M. S. Quay. In  
1888 Standish was arrested in Fargo,  
N. D., on a charge of swindling in  
Canada, and was taken to Manitoba  
and sentenced to 10 years in Stony  
Ford prison. It is alleged that Stan-  
dish through false testimony was con-  
victed of a crime committed by  
Charles A. Chandler of this city, who  
has embezzled \$50,000 in Canada.  
Meanwhile the real Chandler died in  
St. Albans, Vt., and Standish was par-  
doned by the premier of Canada, Sir  
Wilfred Laurier.

## Performing Wonders.

Thompson's Barosma, Kidney and Liver Cure

Is not only performing wonderful cures, as all our statements will prove, but all the cures have been permanent, there being no return of the disease or any of the symptoms even after a lapse of many years.

"I was bloated and short of breath, making it very laborious for me to walk. I suffered pain in my back and sides. My stomach was also very sore and throbbled with pain. I was told I had kidney trouble and enlargement of the liver and spleen. I finally began taking Thompson's Barosma, Kidney and Liver Cure, and the first bottle reduced the measurement around my stomach from forty inches to thirty-six inches, and several bottles completely cured me. I gladly recommend it to all others. This was five years ago."—M. S. LONGWORTHY, Tronville, Pa. Thompson's Barosma 50c. and \$1.00.

## SUES FOR \$5,150

Damage Suit Here.

William L. Tracy, by his attorney,  
S. L. James, has commenced suit in  
the Common Pleas court against P. A.  
Fitzpatrick and G. N. Holpner, and the  
Board of Education of the City of New-

tiff says he was working in a sewer  
ditch at the Woodside school building,  
that the ditch was 60 feet long and 11  
feet deep, and that the contractors  
failed to furnish secure casing for the  
walls. He says that on August 4 while  
engaged at work at the bottom of the  
sewer laying tile the wall of the sewer  
caved in and fell upon him, covering  
him with many tons of earth and  
stone, breaking his right shoulder and  
otherwise injuring him.

## BEAT HABEAS CORPUS

If Officer Dolby Had Been a Little  
Slower in Getting Here Ball Might  
Have Escaped.

In order to get at a prisoner before  
habeas corpus proceedings could be  
instituted, Headquarters Officer Dolby  
of Columbus made an early trip to  
Newark Monday. The prisoner was  
Charles W. Ball, who was arrested  
here on a warrant charging him with  
defrauding an innkeeper, Mrs. Alice  
Jacobs of Columbus.

Ball was arrested at Newark Sun-  
day night and the Columbus police  
department was informed that he  
would institute habeas corpus pro-  
ceedings early Monday. Officer Dolby  
reached Newark first, however, and  
returned with his prisoner at noon.

This is the man whom Officer Zer-  
ghebel chased here last week but a big  
dog got in the officer's way and pre-  
vented him from landing his man.  
Sunday night Ball was captured by  
Officer Scott while Ball was courting  
a North End girl.

ager of the Interurban lines, G com-  
pany of the Ohio National Guard and  
Mr. Will T. Harris, manager of Buck-

company will be the better for their  
outing in every way. As far as pos-  
sible, it will be a military camp with  
setting up exercises, the manual of  
arms, marching and a sham skirmish  
on Friday afternoon. Commandant  
Schindel, who successfully conducted  
a number of such camps, will give  
the boys an address each day on such  
things boys ought to know. Parents  
and friends of the boys will be wel-  
come any day. The camp is pitched  
near the grounds recently occupied  
by Troop B, and is called Camp Har-  
rigan.

REV. J. C. SCHINDEL.

The Boys' Brigade which was orga-  
nized by Rev. J. C. Schindel, under his  
chaperonage, went into camp at Buck-  
eye Lake Tuesday. The tents were  
pitched on the site recently occupied  
by troop B, O. N. G., of Columbus, and  
by 1 o'clock Monday afternoon the  
camp was prepared in every detail.  
There are 30 in the party, and the  
boys are making good scores at target  
practice, which is the feature to which  
most attention will be given during the  
week's outing.

A big cook tent has been put up and  
the view is that of a regular military  
habitation. A regular routine has  
been established, and the most string-

## STARTED CROWD OF 12,000 CHEERING

YOUNG MAN CONSPICUOUS IN  
LAST NATIONAL CONVENT-  
TION VISITS NEWARK.

J. Henry Smythe Whose Megaphone  
and Flag Did Business at Chicago  
Will Enter College Next Month.

Henry Smythe Jr. was in Newark  
Monday calling upon the local dry  
goods men in the interest of "Fash-  
ions," a monthly publication. Mr.  
Smythe is the young man from Phila-  
delphia who led the cheering in the  
National convention in Chicago when  
Theodore Roosevelt was nominated  
for the presidency.

Smythe, who attained his majority  
on October 10, just in time to be a  
"first voter," wished to take an active  
part in the campaign. After reaching  
Chicago, he spent many hours on the  
convention floor and reached the front  
of the Coliseum platform just after the  
nomination speech. By using a megaph-  
one and keeping time with a big  
silk American flag, he began with "All  
together now, three cheers for the  
President. Hip, hip, Hurrah! Hurrah!  
Hurrah!" With this introduction he  
started a locomotive or union yell of  
"Rosevelt, Rosevelt, Rosevelt!"  
One delegation after another picked up  
the cry, the spectators joined in and  
soon 12,000 people were paying tribute  
to the President.

Breathless after nearly ten minutes'  
exertion, Smythe made a bow of  
thanks to his audience, receiving ap-  
plause for his daring and retired.

On the morning of the notification  
exercises Smythe journeyed to Oyster  
Bay. The President, hearing of his  
arrival, invited him to be present.  
The speakers' bureau in the national  
headquarters assigned Smythe to ad-  
dress a noonday meeting on Broadway.  
His speech was a success, and later  
he was under the direction of his state  
and city committees and did good  
work.

Smythe has been admitted without  
conditions to the University of Penn-  
sylvania. He expects this fall to take  
the Wharton school course of finance  
and commerce. Political economy is  
one of the studies. He is spending  
the summer traveling for "Fashions,"  
in order to make a few dollars which  
will be useful during the coming  
school year.

Mr. Smythe was much pleased with  
Newark which he found one of the  
liveliest and most thriving cities he  
has yet visited.

## SYNDICATE BUYS 4 TROLLEY LINES

BUCKEYE LAKE ROAD AND NEWARK-ZANESVILLE LINE ARE IN NEW HANDS.

Widener-Elkins People Acquire Control of Interurbans at Cost of Fifteen Million Dollars.

Several days ago dispatches from Boston, Cincinnati and Indianapolis announced that negotiations were on for the sale of two of Newark's interurban roads. The following message from Cincinnati makes the unqualified statement that the sale has been consummated:

The United Gas Improvement Company of Philadelphia, better known in this section as the Widener-Elkins syndicate, has acquired for a sum in the neighborhood of \$15,000,000, in cash and securities four of the best trolley roads in Ohio and Indiana.

The lines are to be used to re-energize the two trolley road systems which the syndicate has been planning out in Indiana and the other operating out of Cincinnati.

The properties which are said to have been purchased are all known as Tucker-Anthony roads, as follows: Columbus, Buckeye Lake & Newark; Columbus, Buckeye Lake & Newark; Columbus, Newark & Zanesville; Indianapolis & Western, and Indianapolis & Northwestern.

The Columbus, Buckeye Lake & Newark operates 39 miles of road and owns a summer resort at Buckeye Lake. It has \$1,000,000 of common stock, \$5,000,000 of 6 per cent preferred stock, and an outstanding bond issue of \$1,243,000.

The Columbus, Newark & Zanesville operates 50 miles of road, including the city lines of Newark and Granville. The Indianapolis & Northwestern operates about 93 miles of interurban from Indianapolis to Crawfordsville, Lebanon, Frankfort and Lafayette. It has \$2,550,000 of common stock, \$450,000 of 6 per cent preferred and an outstanding bond issue of \$2,470,000.

The Indianapolis & Western is completing a 54 mile road between Indianapolis and Terre Haute. It has \$1,250,000 of common stock, \$750,000 of preferred 5 per cent stock and \$1,500,000 of bonds.

P. L. Saltonstall and S. Reed Anthony chief figures in the Tucker-Anthony Tractor Syndicate of Boston, are the controlling officials of each of the four companies.

The Indiana lines will operate into the Indianapolis terminal property controlled by the United Gas Improvement company, of which Randal Morgan is vice president.

The Ohio lines will furnish feeders to the Philadelphia crowd's proposition of creating cross-state trolley roads, and will enable passengers leaving Cincinnati, over the Cincinnati, Dayton & Toledo to go through Columbus and on to Newark over lines controlled by the Widener-Elkins interests.

The deal for these properties is said to have been completed on Randal Morgan's yacht some weeks ago while Morgan and party, including W. K. Schoepf, were cruising in the vicinity of Boston.

In addition to acquiring these four lines the Widener-Elkins interests are said to be negotiating again for the acquisition of the Dayton, Springfield & Urbana and the Columbus, London & Springfield roads, both of which are Appleyard properties and are in the hands of receivers appointed by the Federal court.

The negotiations for these lines were suggested four months ago, and it appears will assume tangible shape during the coming winter.

## COLUMBUS AUTOIST

Ran Against Farmer's Surrey Which He Wrecked but Settled Bill With a \$50 Check.

Delaware, O., Aug. 22.—A Columbus automobilist, giving his name as Frank Heston, ran into a two-seated surrey in which were J. P. May and family, who reside near Waldo, this county.

The buggy was upset and the occupants were thrown into the ditch. A heated argument resulted, and as a compromise Heston gave May a check for \$50 and was allowed to go on his way.

The farmers north of Delaware clash repeatedly with Columbus touring parties. Only last week an auto driver, who refused to slacken speed as he passed a farmer's hay wagon, had a pitchfork run through his front tire, while another was knocked from his automobile with a rock thrown by an aged farmer of Waldo.

## SQUIRREL SEASON OPENS SEPT. 1ST

Section of Law Governing Same is Quoted Below—Season Continues Until October 15th.

The squirrel season opens in Ohio September 1, and continues until October 15. The section of the law referring to the same is as follows:

"No person shall catch, kill, injure or pursue with such intent any squirrel except from the first day of September to the 15th day of October, nor kill more than ten squirrels in any one day. No person shall buy, sell or expose for sale, offer for sale, or have in his possession any squirrel during the time when the killing thereof is made unlawful; nor take, catch, kill or pursue for sale within this state, or for the purpose of sale or shipment, beyond the limits of this state, offer for sale or have in possession and squirrel which has been killed within this state for the purpose of sale or in any manner prohibited.

"No person shall have in his possession with the intent to transport, or to secure the transportation beyond the limits of this state any squirrel which has been killed within this state. And each squirrel so killed, taken, had in possession, received for transportation or transported, contrary to the provisions of this section, shall constitute a separate offense."

The reception by any person within this state of any squirrel for shipment to a point within this state for the purpose of conveying the same beyond its limits is illegal. The game laws governing trespass will also be of interest as the hunting season opens. Concerning hunting on lands the state law says:

"It shall be unlawful for any person to hunt, or trap upon the lands, ponds, lakes or private waters of another (except water claimed by the riparian right of ownership of adjacent lands) or to threaten shoot at, kill, injure or pursue, any bird, wild fowl, or wild animal of any kind without first obtaining the written permission from the owner or his authorized agent."

Birds suffer more than man from the mosquito. Frequently the mosquito can not get at man, but birds he can always get at.

In Iceland, that country of ancient and old-fashioned customs, it has always been the fashion to present to the baby, when its first tooth appeared, a lamb, to be its very own, cared for and tended as no other pet could be, and never to be parted with.

## SNYDER'S 4-HIT GAME WAS LOST

ON BUNCH OF ERRORS COUPLED WITH TWO SAFE HITS BY THE MOGULS.

Schweitzer Was Allowed to Walk in Fourth and Two Hits Enabled Him to Circle the Bags.

Zanesville, O., Aug. 22.—Newark had one unlucky inning here today and a bunch of errors coupled with a bunch of hits by Zanesville resulted in four scores and the loss of the game. The final score stood 4 to 1, with Zanesville in possession of the big end of the score.

Snyder did the pitching for the Newark bunch and pitched gill edged ball. Only four safe hits went to the credit of the Zanesville "sure hitters," but these came at the right time when Newark was making a bunch of errors.

In the first inning Gilligan, the new Mogul who yesterday played at short and allowed "Tackey" Volk to play in right garden, swatted one down the left foul line for two bases. He was helped only to third before three outs were made. Outside this one hit, the others came in the fourth inning. Gilligan also took one of the other three, thus securing half of the hits by the Moguls off side-wheel Snyder.

Gilligan led off with a single a Texas leaguer in the fourth. Flood sacrificed to second, Snodgrass dropping the ball and both runners being safe. Drumm sacrificed both these runners a base. Then Huling hit to short, but being given first while Flood went out between second and third. Huling stole second and when Howard Stone dropped Kustas' fly in middle both Gilligan and Huling scored. Volk hit for two sacks, scoring both. Elston closed the success by grounding to first.

Score 4 to 0.

Schweitzer, the home run hitter of the Idlewilds, was walked as the first batter in the fifth. Bissel and McDonald filed out to Quinn and Kustas, while Schweitzer still held first. A single by Wratten placed the runner on second while another by Stone was lost by Quinn until the runner scored. Davis closed the inning by a fly to Huling. Score 4 to 1.

Both in the eighth and ninth innings Newark had a chance to score, but failed to connect with Elston's curves. In all six Idlewild players fanned. A peculiar instance in the game was that B. Quinn was given nine flies to accept, several of which looked good for safe bingles for extra sacks.

### Alcock Goes South.

Third Baseman Alcock of the Wooster Giants has gone to join the Birmingham team of the Southern league. Alcock started the season here with Show's men but was not fast enough for this company. If he has not improved since his departure from here, it's a safe bet that he will not last long at Birmingham.

## M. & M. PLAYERS

Quit Because One of Their Number Was Released—The Strikers Will Organize.

There is a strike in the amateur baseball circles. This time it is in the M. & M. team. Four or five of the players objected to the release of Mike Spring and a walk out was ordered by the walking delegate of the Amalgamated Association of Amateur Baseball Players. Manager Penchel stated to the Advocate that he would immediately strengthen his team by signing new men and would play a team organized by the striking aggregation. This game will be played Sunday for a good prize to the winning team.

### WRECKER OF THREE SAVINGS BANKS IN CIRCLEVILLE LAST SEEN IN NEWARK.

Passed Away Last June in Honduras. His Wife Also Attacked, But Has Recovered

Christy Beyer, the Circleville banker, who was last seen in Newark after his flight from Honduras, has been reported to have been killed by yellow fever in Honduras, a village 100 miles inland, accessible only by a stage ride of 30 miles and the remaining 70 by burro.

Bayer lived in this little hamlet in a thatched hut. He died of yellow fever on June 20. At his bedside were his wife, Love Beyer, the young lady who made her home with him in this city, and an elderly clergyman and his wife. The wife was also attacked by the fever, but is reported to be convalescing.

All the lodges in the county have been invited to participate in the outing, and it is estimated that nearly one thousand people will attend the outing. ## CIVILIZED TRIBES

### Declare For Separate Statehood For Indian Territory.

Muskogee, T. Aug. 22.—The chieftaincy of the five civilized tribes met here in convention to declare for separate statehood for Indian Territory, aided and abetted by white residents of Indian territory, who for both business and sentimental reasons are opposed to a union with Oklahoma. This is the first time the tribal citizens of Indian territory ever assembled for the purpose of notifying congress that they are ready for statehood. Many leaders in this separate statehood convention say privately that while they would prefer separate statehood, yet they believe that only joint statehood will be given to the two territories. This convention was called to make and adopt a state constitution. It is probable that the actual work will be delegated to a committee authorized to submit the constitution to the people for ratification.

On the first ballots, the members scattered their votes but in the seventh Nussbaum received the votes of Messrs. Beggs, Kerkley, Keller and Haight, Christian and Fulton voting for Prince. The vote was 10 to 1 in favor of Nussbaum and he was elected unanimously.

When President Prince called the meeting to order, he read the minutes of the last meeting, which were correct. He then read the report of the committee on the adoption of the Practical Writing book, which was also correct. He then called attention to the fact that the last meeting of the board, his received four out of the six votes, and that in fact this was an election, as his book had not been in schools five years yet.

On motion the minutes of the last meeting were so corrected that they showed the adoption of the Practical Writing book by a vote of 10 to 1.

## EARL STEVENS CAN'T BE FOUND

Twelve Years Old Boy Has Been Missing From Home Since Sunday.

Telegrams Sent to Places He is Thought to Have Visited Throwing No Light on Case.

Considerable anxiety is felt here over the sudden and mysterious disappearance of Earl, the twelve year old son of Mr. and Mrs. George Stevens, of this city. The boy arose from his bed at an early hour on Sunday morning and left his home without eating his breakfast, since which time nothing has been heard of him.

The police were notified and a thorough search of the city was made, but no trace of the missing lad was found. Mr. Stevens thinks, perhaps, he may have gone either to Glenwood, where he has an uncle, or to Temperanceville, where a grandfather lives, but telegrams to both those places throw no light on the matter.

## AMUSEMENTS

Don't fail to attend the opening attraction at the Auditorium tomorrow both matinee and night. The play is "Dora Thorne" which has been attracting considerable attention on account of the popularity of the novel.

"Dora Thorne" as a story is too well known for comment, but it must be admitted that the playwright has improved upon the plot to such an extent that the play is far more interesting than the book. Dramatic license is somewhat elastic at times to say the least, and in the play the most exciting and dramatic points of the book are brought out with decisive action and powerful clearness; nor is the comedy found wanting; much humor is intermingled with the episodes of the drama, making as a whole a play novel and interesting in the extreme. Seats are now on sale.

UNCLE TOM'S CABIN.  
At Martin's Uncle Tom's Cabin, which has filled the Auditorium so many times, will be the attraction of the Auditorium both afternoon and evening next Monday, August 23. This company needs no introduction to the theatre going public of Newark, and we will merely make the announcement that the seats for both performances will be on sale Friday at 10 o'clock.

For a great many years doctors pronounced it a local disease, and prescribed to cure with local treatment, pronouncing it incurable. ## EARL STEVENS CAN'T BE FOUND

Twelve Years Old Boy Has Been Missing From Home Since Sunday.

Telegrams Sent to Places He is Thought to Have Visited Throwing No Light on Case.

Considerable anxiety is felt here over the sudden and mysterious disappearance of Earl, the twelve year old son of Mr. and Mrs. George Stevens, of this city. The boy arose from his bed at an early hour on Sunday morning and left his home without eating his breakfast, since which time nothing has been heard of him.

The police were notified and a thorough search of the city was made, but no trace of the missing lad was found. Mr. Stevens thinks, perhaps, he may have gone either to Glenwood, where he has an uncle, or to Temperanceville, where a grandfather lives, but telegrams to both those places throw no light on the matter.

## AMUSEMENTS

Don't fail to attend the opening attraction at the Auditorium tomorrow both matinee and night. The play is "Dora Thorne" which has been attracting considerable attention on account of the popularity of the novel.

"Dora Thorne" as a story is too well known for comment, but it must be admitted that the playwright has improved upon the plot to such an extent that the play is far more interesting than the book. Dramatic license is somewhat elastic at times to say the least, and in the play the most exciting and dramatic points of the book are brought out with decisive action and powerful clearness; nor is the comedy found wanting; much humor is intermingled with the episodes of the drama, making as a whole a play novel and interesting in the extreme. Seats are now on sale.

UNCLE TOM'S CABIN.  
At Martin's Uncle Tom's Cabin, which has filled the Auditorium so many times, will be the attraction of the Auditorium both afternoon and evening next Monday, August 23. This company needs no introduction to the theatre going public of Newark, and we will merely make the announcement that the seats for both performances will be on sale Friday at 10 o'clock.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed to cure with local treatment, pronouncing it incurable. Science has proven Catarrh to be a constitutional disease, and therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer One Hundred Dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J.
